Summary

As a highly motivated and results-driven software engineer, I specialize in creating digital products that solve everyday problems. I hold a degree in Computer Science and Engineering from BUET and have gained extensive experience in the field through my professional journey.

I began my career as a Software Engineer at Technovilla, before joining the Dutch firm Boo2 as a Senior Software Engineer. Currently, I am employed as a Principal Software Engineer at CloudAEye, where I am responsible for creating and managing cloud-native AI applications on the AWS platform.

In recognition of my expertise in the field, I have earned the AWS Certified Solutions Architect Associate certification, and have since obtained an additional five AWS certifications.

In addition to my professional endeavors, I also share my knowledge and experience through video tutorials on YouTube, covering topics such as AWS, Linux, SSL, and Docker.

Experience

Principal Software / DevOps Engineer

CloudAEye

Apr 2022 - Present (10 months)
